### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to the Applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Mr. Daniel C. Crilly, Attorney for Applicant, on December 6, 2004. The Examiner called Mr. Crilly at the telephone number that appears in the declaration signed by the Applicant(s). (See MPEP § 408.)

The application has been amended as follows:

#### IN THE CLAIMS:

Replace the entire claim 17 with the following claim:

Claim 17. The method of claim 16, further comprising:

in the event that the first word is not on the list of pre-recorded words and prior to dividing the first word into a plurality of diphones, determining whether the first word includes at least one number, and,

in the event that the first word includes at least one number, audibly spelling the first word out instead of dividing the first word into a plurality of diphones, combining sound files, and playing the combined sound files.

***Allowable Subject Matter***

2. Claims 1-3, 4-6, 7, 9, 11-12, and 14-20 are allowed. The claims have been renumbered for printing to be claims 1-3, 5-7, 4, 8, 9-10, and 11-17.

***Response to Arguments***

3. The prior Office action, mailed October 12, 2004, objects to the specification and claims, and rejects claims under *35 USC § 112, first paragraph*, and *§ 103*. The Applicant's arguments and changes in AMENDMENT AND RESPONSE UNDER 37 C.F.R. § 1.116 filed November 10, 2004 have been fully considered with the following results.
4. With respect to objection to the specification as lacking proper antecedence for claimed matter, the changes entered by amendment claim subject matter that can be identified in the specification. Accordingly, the objection is removed.
5. With respect to objection to those claims needing clarification, the changes entered by amendment provide clear descriptions of the claimed subject matter. Accordingly, the objections are removed.
6. With respect to objection to the claims dependent upon rejected base claims, the base claims have been allowed. Accordingly, the objections are removed.

7. With respect to rejection of claims under 35 USC § 112 as lacking description in the disclosure as filed, the changes entered by amendment claim subject matter that can be identified in the specification as filed. Accordingly, the rejections are removed.

8. With respect to rejection of claims under 35 USC § 103, the changes entered by amendment include subject matter previously indicated as allowable in the independent claims. Accordingly, the rejections are removed.
